Insurance replacement means to restore the claimant to that position before the loss.

The value is our opinion of a current normal retail asking price for an item of this quality. It is based on current wholesale prices plus the normal retail mark-up for items of this nature. Actual retail prices may vary from this value. Items are valued in their current condition, deductions may have been made for wear and tear.

Antique, and items not currently in production are at the value they would realistically cost in open market situation between a willing seller and willing buyer.

Please note that insurance valuations are not valid for re-selling purposes

Note: Unless stated otherwise all coloured stones may be presumed to have been treated by colour and clarity enhancements, which do not require disclosure.
