US\$=0.68, AUS\$0.90, GOLD \$425 US/oz

18 OCTOBER 2005

Three row choker, Akoya pearl necklet with 18ct white gold handmade mabe pearl and diamond centre piece, with white gold baguette set bars part way around the necklet, and a large 18ct white gold shape mabe pearl and diamond clasp. The unknotted pearls are 7.0 to 7.5mm off round with a crème to pinky hue, medium to good lustre and moderate to spotted surface blemishes. There are 102 Japanese Akoya pearls total, with three rows of eight pearls each side of the centre mabe feature, and nine pearls at the back section after the baguette diamond set bars. The centre piece has a 14.3mm round mabe pearl rub set into a 20.7mm square plate with angled corners. There are twenty round brilliant cut diamonds and four marquise cut diamonds around the mabe. The marquises are bead set at each of the corners, and the round diamonds are bead set around the pearl. A detachable teardrop mabe pearl hangs from the base. The pearl is 16.5mm long x 14.5mm pear shaped mabe, rub set into an 18ct white gold pear surround with two marquise diamonds bead set at the sides, and seven small round cut diamonds bead set around the base. There is a thick hook at the top which fits through a loop attached to the bottom of the square plate. There are two 18ct white gold bars the sides, 21mm long x 2.5mm wide. The bars have four tapered baguettes bead set in a row down the bars, with holes drilled through the sides for the thread to pass through. And an 18ct white gold mabe pearl and diamond clasp is attached at the back. The mabe pearl is 19mm diameter in a rub over setting with seventy one bead set diamonds around the edges. The clasp is 25.5mm square x 4.6mm thick, with a wide flat tongue clasp and figure eight safety clip.
New.

1. Three row choker pearl necklet with 18ct white gold handmade mabe pearl and diamond centre piece, with white gold baguette set bars part way around the necklet, and a large 18ct white gold mabe pearl and diamond clasp. The unknotted pearls are 7.0 to 7.5mm off round with a crème to pinky hue, medium to good lustre and moderate surface blemishes. There are 102 Japanese Akoya pearls total, with three rows of eight pearls each side of the centre mabe feature, and nine pearls at the back section after the baguette bars. The centre piece has a 14.3mm round mabe pearl rub set into a 20.7mm square plate with angled corners. There are twenty round brilliant cut diamonds and four marquise cut diamonds around the mabe. The marquises are set at each of the corners, lengthwise and the round diamonds are bead set around the pearl. A detachable teardrop mabe pearl hangs from the base. The pearl is 16.5mm long x 14.5mm pear shaped mabe, rub set into an 18ct white gold pear surround with two marquise diamonds bead set at the sides, and seven small round cut diamonds bead set around the base. There is a thick hook at the top which fits through a loop attached to the bottom of the square plate. There are two 18ct white gold bars the sides, 21mm long x 2.5mm wide. The bars have four tapered baguettes bead set in a row down the bars, with holes drilled through the sides for the thread to pass through. And an 18ct white gold mabe pearl and diamond clasp is attached at the back. The mabe pearl is 19mm diameter in a rub over setting with seventy one bead set diamonds around the edges. The clasp is 25.5mm square x 4.6mm thick, with a wide flat tongue clasp and figure eight safety clip. New.

\$17,200.00 REPLACEMENT VALUE

\$17,200.00 INDEMNITY VALUE

The value is our opinion of a current normal retail price for a new item of this quality. It is based on current wholesale prices plus the normal retail markup for items of this nature. Actual retail prices may vary from this value. Indemnity value reflects the replacement value less any wear and tear that has occurred. This appraisal should not be used in any advertising as this may contravene the Fair Trading Act.

Weight of stones where required is an estimate only unless they have been removed from the settings and specifically weighed. Diamonds will be tested by microscopic examination and diamond probe. Gem checking will be used where applicable.

Susie Barr 
FGA Gemmologist

This valuation is carried out to the best of our ability using Gemmological instruments available to us, and is an expression of our opinion of a current normal retail price for a new item of this quality. It is based on current wholesale prices plus the normal retail markup for items of this nature. Actual retail prices may vary from this value. Indemnity value reflects the replacement value less any wear and tear that has occurred, and given the nature, age and condition of the item(s). This appraisal should not be used in any advertising as this may contravene the Fair Trading Act. Whilst all care has been taken in making this appraisal, no liability is accepted other than to the person to whom this certificate is given for any errors or omissions, including any liability to the person by reason of negligence. All values are given in New Zealand Dollars based on current market conditions.

Weight of stones where required are an estimate only unless they have been removed from the settings and specifically weighed. Diamonds will be tested by microscopic examination and diamond probe, and graded in their settings unless otherwise specified. Actual grades and sizes may vary due to the limitations imposed by settings and are estimated to the best of our ability.
