NOTE: Unless otherwise stated, all stone weights and grades are carried out with the stones set in the mount. No responsibility can be held for inaccuracies using this method, as it is only approximate.

This valuation is carried out to the best of my knowledge, based on local and overseas market conditions prevailing at the time and while every effort is made to be as accurate as possible, it is only an opinion and could differ from previous/future valuations.

1
9ct white gold opal ring. A new, hand made ring with the opal rub over set in diagonal fashion. The heavy, 3.8mm wide white gold band is offset each side and swirls away from the setting. No shoulders. Total weight: 9.52 grams.

Set with: One boulder opal weighing 8.69 grams. Irregular shape measuring approx. 16mm x 10.5mm with a ridged centre. Very intense hues and colours of green, purple and blue. Purchase certified by the National Opal Collection, Australia.

Replacement Value: \$3800.00
